REFLECTIONS OF SHOOT LIKE A GIRL'S 2020 COAST TO COAST TOUR

I can only come up with one word to describe the sentiment of 2020, Gratitude. Gratitude for the support we received from our partners, friends and family; gratitude for our staff and talented team of instructors; and gratitude that we were able to provide over 2,700 women and their families with the Shoot Like A Girl experience. Especially in this year of turmoil. I doubt we could find one American that wouldn't say 2020 has been one of the most difficult years in our lifetime, with massive natural disasters, civil unrest, violent protest and of course, "Rona". As a result, the impact of the Shoot Like A Girl experience was more important than ever; with more families wanting to safely and responsibly own firearms. I am grateful we were able to deliver our experience across the country.

Gratitude easily describes the sentiment of the year; however, I can't come up with one word to describe the experiences of 2020 for Shoot Like A Girl. In military terms, our operating environment changed when the country came to a standstill because of COVID-19, and then reopened. I am proud to say the company was agile, and immediately adapted to the situation. We initiated virtual discussions with our audience, and provided information on a myriad of topics surrounding shooting sports, safety and coping with lock downs. These virtual interactions proved to be a great way to expand the Shoot Like A Girl experience, and will continue. In June, in accordance with the Re-Open America and CDC Guidelines, we resumed operations, but with new and different procedures ensuring our staff and guests were protected. Pre-COVID we conducted five events; post-COVID we conducted seventeen.

Our post-COVID operating process also enhanced the experience of Shoot Like A Girl events. Due to the social distancing guidelines, our clients received a more personal experience with our instructors. We started using a touchless sign in process, and our guests could go inside the Bass Pro Shops/Cabela's and shop while they waited, and four to six women would wait their turn on our chalk painted social distancing dots. This provided us with an attentive audience, and we conducted product demonstrations; these will continue in 2021. The new process actually gained us efficiencies, and our guests patiently waited for the experience of Shoot Like A Girl, and left empowered with confidence.

Upon reflection, there is one word that describes the experience of Shoot Like A Girl in 2020, Gratitude. Alongside and with the support of our partners, the team faced the challenges of COVID, and we were able to successfully complete our 2020 Coast to Coast Tour. When you look at the data in this report*, you will find we continued the trends of previous years - we grew the number of women who participate in shooting sports, but moreover, we empowered women and their families with confidence.

Sincerely,

Karen Butler
President/Founder SLG2, Inc.

*The data is compiled from two surveys as of December 30, 2020; one with a Confidence Rate of 99% with a 5% Margin of Error, and the other with a Confidence Rate of 95% with a 6% Margin of Error.

SUMMARY OF EVENTS

Summary of Events

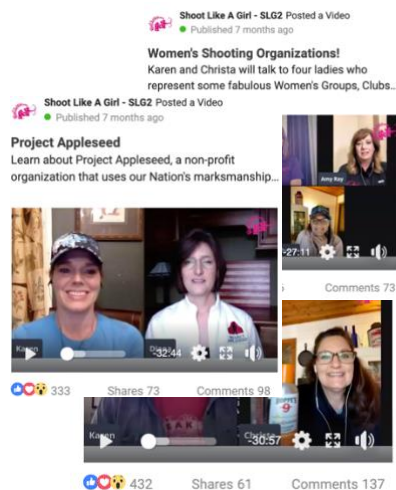

THE COAST TO COAST TOUR:

2,701 women (and some men) experienced shooting across the country in the Shoot Like A Girl Mobile Range in 2020. This attraction provides the opportunity to shoot a pistol, rifle and bow in a safe controlled environment with the guidance of NRA Certified Instructors and Archery Coaches.

Shoot Like A Girl's mobile range traveled over 20,000 miles to conduct 22 events as part of the 2020 Coast to Coast Tour. The tour included stops at Bass Pro Shops and Cabela's, Conservation Events and Corporate events. This year, several stops had lines out the door and record numbers of attendees.

In the spring, Shoot Like A Girl's tour was interrupted momentarily by COVID19; however, the company quickly adapted to the shelter in place conditions and utilized social media platforms to inform followers on shooting sports, and importantly, the firearms safety message. These sessions included topics on Firearm Safety, Kids and Guns, Shooting Competitions, Range Etiquette, Gun Cleaning, Archery, Hunting, Selecting a Handgun, and conversations with several industry leaders.

As soon as the President announced the "Re-open America Guidance" Shoot Like A Girl implemented new operating procedures to abide by CDC COVID19 guidelines and began travel. The stops after June of 2020, saw an increased need for Shoot Like A Girl's experience, as the team met many soon to be first time gun owners, and families who had recently purchased a gun thirsty for information on how to be safe and responsible gun owners. Waiting times at some points were over 2 hours, but the guests reported that it was worth the wait for the information and opportunity to check out the firearms at Shoot Like A Girl's gun counter.
